7. Progress Report Chippewa Entertainment District

In late 2012 we had a spike in violence in the Chippewa Entertainment District. Currently the District is in a favorable state of transition. Our recent efforts have centered on the following:

- Strategically using police resources (manpower, Command Bus, license plate readers, cameras and Skywatch for crowd monitoring).
- Improved information flow to SLA to expedite investigations allowing for quicker shut downs of problem establishments
- Partnerships with other law enforcement agencies to conduct integrity checks for underage admittance, underage drinking, and over capacity.
- Shutting down nightclubs that are catering to a violent demographic, three to date, Barcelona, Big Bad Wolf, and Social.
- Pro-active Policing plan
